- **CVCheck's best-of-breed background screening solution is now available from within LiveHire**
- **Customer launch is underway combining forces of Australian HR technology success stories, CVCheck and LiveHire**
- **Xref Phase 2 Integration also now live - allows CVCheck clients to order Xref reference checks directly from the CVCheck portal, or via any existing CVCheck integration**

CVCheck and LiveHire Technology Integration

CV Check Limited (ASX: CV1, CVCheck or the Company), the screening and verification company, and LiveHire Limited (ASX: LVH), the talent acquisition & engagement platform company, announce the live launch of their technology integration.

CVCheck is an expanding business with growing revenue streams through the provision of its background screening solutions for employers, industry associations and individuals. The Company has developed a world-class online platform providing a comprehensive range of candidate verification checks across the globe.

LiveHire is a high-growth business in the human resources technology sector which provides talent acquisition & engagement software. LiveHire's platform delivers a proactive sourcing and talent mobility solution called Live Talent Communities improving the flow of talent into and through a business.

The successful integration release has seen the technology teams of both companies successfully collaborate to develop a seamless user interface. Clients can now request CVCheck's solutions from within LiveHire's platform, bringing an elegant end-to-end, full-service background screening solution through which customers are able to procure checks from around the world.

Communications of the integration launch are already taking place under the close eye of marketing and client success teams at both companies. This is an ideal opportunity to once again showcase the outstanding Australian HR technology community.

CVCheck and Xref Strategic Alliance Phase 2 Integration

CV1 had previously announced (refer to ASX announcement dated 19 November 2019), that it had formed a strategic alliance with Xref to provide a best-of-breed solution for all candidate verification across Australia and New Zealand.

Phase 1 of the CV1 / Xref platform integration was completed and went live in February (refer to ASX announcement dated 17 February 2020), revenues have since been booked by both CV1 and Xref.

Phase 2 of the CV1 / Xref platform integration is now complete and released into the live production environment. This allows CVCheck clients to order Xref reference checks directly from the CVCheck portal, or via any existing CVCheck integration or connector with other major human resource information systems (such as LiveHire, PageUp People, JobAdder, LinkedIn Talent Hub, SAP SuccessFactors, SmartRecruiters and more).

Rod Sherwood, CVCheck CEO said: “CV1 continues to broaden its addressable market through expanding its ecosystem and customer take up with each new HR technology partner integration. CVCheck, LiveHire and Xref deliver very high-quality technology that is designed to delight our customers. I’m thrilled with how the respective teams have embraced collaborating to bring mutual benefit to all three client bases.”
